

Getting Under the Hood with Mobile GIS

Tuesday June 12, 2012

8:00a-4:30p

Rutgers EcoComplex
Bordentown, NJ

Thank you to our sponsors!

Baker

Civil Solutions
a division of **arh**

Welcome to our Spring Meeting. Today we have a series of presentations which examine the behind the scenes aspects of mobile applications.

Morning Sessions

John Reiser will kickoff the day by providing an overview of the open HTML5 platform, examples of what can be created using this framework, and some pointers on how to begin developing your GIS applications for mobile devices. *Seth Van Aken* will follow and present an in-depth look at select mobile options including iOS.

Lightning Talks

New Jersey Transit Passenger Information Display (PID) Android Based Field Inventory
by *Caitlin Powers, Michael Baker Jr.*

Mobile Data Collection Using ArcGIS Online
by *Richard Rehmann, Civil Solutions*

Applications Using ArcPad and Trimble Junos for Field Data Collection
